Stamps may contain text or images, images should be supplied as vector art. (usually embedded in PDF, EPS, .AI .CDR)
JPG, BMP, PNG files may incur extra processing fees if excessive editing is needed, customer will be informed before
any such work is done.

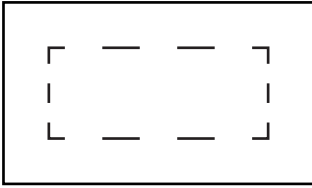

Text can not be smaller than 5pt, you can use Microsoft Word to check this.

A 1mm gap is required around the edges of the stamp area.

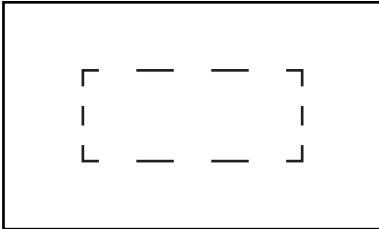

Pre-Production Proof: If you are ordering a complex layout or form stamp, and wish to confirm the layout before you order,
please email sales@stampsplus.co.nz, you will be given a reference number which you must then reference in your order.
